No maximum bid price has been specified.

Only valid bids from eligible persons will be considered in the allocation process.

AEMO will use the clearing price method to allocate AMDQ CC, as described in clause 6.5.2 of the AMDQ Procedures⁷.

2.7 How do I know if my bid was successful?

Successful parties will be advised by email notification from the date specified in the auction notice⁸.

2.8 How much do I have to pay?

Market Participants will be charged a one-off payment equal to the clearing price for that CPP multiplied by the allocated GJ of AMDQ CC at that CPP, plus GST.

For example:

Clearing price for AMDQ CC at Iona = \$2.75

Allocated quantity to MP A = 5,000 GJ

Payment to AEMO $\$2.75 \times 5,000 \text{ GJ} = \$13,750.00$ plus \$1,375 GST

2.9 When do I have to make the payment?

AEMO will send invoices to all the successful parties following the auction and successful parties must make the full payment within 20 business days of the invoice date.

- Successful auction participants must make full payment within 20 business days of receiving an invoice from AEMO.
- You may request an extension to the payment date of up to five business days. You must make this request by email to AEMO as early as possible and in any event before the original due date. AEMO is under no obligation to agree on any extension.
